Subject: Updated Listing of Chlor-Alkali facilities in the USA using  
Asbestos Diaphragm Technology

Ellie and Sheila,

This e-mail updates the e-mail I sent you on November 28. We surveyed our members to get the most current information. Asbestos Diaphragm cell technology still represents about 60% of USA chlorine production.

*All the best to you during this Holiday Season and in the New Year,*

Art

Arthur E. Dungan
